U.S. DEPARTMENT OF ENERGY · CMEI, ALTERNATIVE FUELS AND FEEDSTOCKS OFFICE

ASPECT DE-FOA-0003647

Topic Area 1, Subtopic Area 1a. Terephthalic acid from post-consumer PET.

FEDERAL SHARE SOUGHT	CONCEPT PAPER DUE	COST SHARE
$2,000,000	**Oct 9**	**20%**
Topic Area 1 range is $2M to $10M	2026, 5:00 PM Eastern	Minimum, share of total project cost

Four days out. The eXCHANGE submit button disables automatically at the deadline, and Stage 1 is open only to applicants whose concept paper DOE finds eligible.

AGENCY
DOE Office of Critical Minerals and Energy Innovation, Alternative Fuels and Feedstocks Office. On Grants.gov under Golden Field Office.

ANNOUNCEMENT
DE-FOA-0003647, Modification 000002 posted 2026-09-23. Cooperative agreement. Concept paper, then Stage 1 by eligibility, then Stage 2 by invitation.

PROGRAM TOTAL
$58,000,000, subject to availability. Topic Area 1 is zero to seven awards at $2M to $10M federal share.

PERIOD OF PERFORMANCE
Subtopic 1a is one phase over 12 to 24 months in two budget periods, the first closing on a go or no-go.

ELIGIBILITY
Small businesses eligible as prime, which also satisfies the industrial-entity requirement. Higher education eligible as a subrecipient under Topic Area 1.

SUBMISSION PORTAL
DOE eXCHANGE, eere-exchange.energy.gov, announcement DE-FOA-0003647. Grants.gov is not a route. Questions to ASPECT@doe.gov, portal support at EERE-ExchangeSupport@hq.doe.gov.

WINDOW AND FEEDSTOCK ELIGIBILITY VERIFIED

October 5, 2026, by direct fetch of the Grants.gov opportunity detail and the DOE eXCHANGE listing. Feedstock eligibility rests on DOE's published webinar transcript, not on Appendix A read verbatim. See step 3 of the Submission Checklist.
