

Opportunity Brief

DOE SBIR/STTR FY26 Phase I, Genesis Mission | Pitch due September 10, 2026, 2:00 PM ET

Field	Detail
Agency	U.S. Department of Energy, Office of Technology Commercialization (OTC). Administered by ConnectWerx, operated by Advanced Technology International, under a Partnership Intermediary Agreement. DOE retains award selection and technical oversight.
Program	Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR)
Announcement number	None issued. DOE assigned no DE-FOA number to this opportunity; it is identified as FY26 Phase I, Genesis Mission on the DOE SBIR/STTR Application Hub.
Mechanism	Phase I, two stage. Stage 1 is a required Pitch; only invited pitches may submit a full application. Pitches are not scored separately for SBIR versus STTR, and that election is made at full application.
Topic and subtopic	Topic 1, Scaling the Biotechnology Revolution. No subtopics. DOE lists AI tools that accelerate bioreactor design and biomanufacturing, for biochemicals and bioproducts applications, among its areas of interest.
Ceiling	\$250,000 total requested at full application, or \$256,500 with a Technical and Business Assistance request. Program total \$10,000,000 across roughly 40 awards, representing up to \$44,000,000 cumulative across project lifecycles.
Period of performance	6 to 12 months. Exact term set during award negotiation.
Cost share	\$0. None required at Phase I. A 1:1 third-party cash match applies only to a third Phase II award, which this application does not trigger.
Close date and time zone	Thursday, September 10, 2026 at 2:00 PM Eastern Time. Late submissions are not accepted. A submitted pitch may be edited and its files replaced up to the deadline.
Submission portal	DOE SBIR/STTR Acquisition Management Portal (AMP), https://sbirsttr-amp.ati.org/ Account requests at https://register.ati.org/
